Technician II - Fisheries

Job Title:	Technician II			Pay Grade	4/5
Department	Natural Resource	Program Area	Fisheries	Location	Various: Primarily Klamath Trinity Basin
Reports To:	Higher grade Technician or Biologist			FLSA Status	Non Exempt
ALL HIRING IS SUBJECT TO THE YUOK TRIBE’S HIRING PREFERENCE					
Salary Range	\$16.54-21.58/\$18.23-23.79				

POSITION SUMMARY

This position assists professional fisheries personnel engaged in scientific and technical work in the field of fisheries biology. This position is comprised mostly of fieldwork, with some time spent in the office. The position requires work during various times of the day and will require some rotating shifts. Work weeks may include weekend and/or evening work shifts and multiple days of overnight travel. This is a supervisory position and may require the oversight of lower level fisheries technicians. This position may require interagency coordination when implementing field activities.

DUTIES AND RESPONSIBILITIES

This position may include but is not limited to, the following duties:

1. Participates in harvest monitoring, biological monitoring, watershed assessment surveys, planting trees, maintaining tree nursery operations, clearing trails, removing invasive vegetation, conducting snorkel surveys, and/or stream restoration projects; often in challenging conditions.
2. Collects and records biological and physical survey data and maintains complete and accurate record keeping at all times.
3. Operates and maintains 4WD trucks, passenger vehicles, light trucks, boats, and ATVs to access remote locations for field projects.
4. Operates nets, fish traps and specialized equipment to monitor fish populations and environmental conditions.
5. Interviews Fishers on the river to gather information and data necessary for harvest monitoring.
6. Maintains and repairs various field equipment such as chainsaws, water pumps, and other gas-powered tools.
7. Assists in keeping a neat and orderly workplace, field houses, project work sites, laboratory areas, office areas, storage areas, and vehicles.
8. Cooperates with other agencies, Tribes, and interacts with the general public in a professional manner.
9. Enters data into existing Microsoft Excel, Access, or other databases.
10. Conducts quality assurance and quality control of data collected by others.
11. Ensures that all field equipment is available at the work site.

YUROK TRIBE – JOB DESCRIPTION

Technician II - Fisheries

12. Downloads and maintains research equipment using various computer programs.
13. Performs other duties as required to meet the needs of the organization.

SUPERVISORY RESPONSIBILITIES

This position may be required to supervise Fisheries Technician I, Interns, and volunteers.

DESIRABLE QUALIFICATIONS
