Councilmember Natt: I had my district meeting on Saturday, I had the Myers’ attend. We reviewed the Council honorarium, the garden, Umpqua bank, and the volunteer fire department. Debbie Myers is now the Klamath Trinity Joint Unified School District representative for Pecwan. She mentioned that there are several jobs open and she was requesting if TERO could send a list of people to the school district.

Councilmember McCovey: Yesterday I reported there is a particular batch of vaccines (a specific lot number) that are being pulled because of reactions certain people had in general. This will delay the people possibly getting their second shots. Anyone affected will be contacted.

Councilmember Ray: I know yesterday we talked about having a work session with TERO regarding day labor/elders work program and it would be good to have YHHS pull the data from the call received (from the COVID 1800 number). There is a lot of data from those calls and it needs to be complied into a spreadsheet.

Councilmember Vanlandingham: Pass
Councilmember Hodge: On behalf of the elders in my district, they would like to thank Council for the generators and the other things we have done for them during this COVID time. I would like to encourage all elders in all districts to make sure to update their phones numbers. I think some of the numbers we have now are out of date.

Councilmember Williams: Over the weekend I brought a load of wood over the hill and my District is already requesting another load of wood. Hopefully, we can continue working on maintain a firewood program for elders.
